

Upload Your Ding and We'll Give you a Ring!

Simply visit our contact page on our site. Enter the required information and upload photos of your damaged vehicle for us to assess.

A certified technician will get back to you regarding your submission and schedule an on-site appointment as soon as you're available.

Need more than paintless dent removal?

Visit our partner company in North Providence where we offer complete body work, frame straightening, vehicle painting and much more.

Own a fleet of vehicles?

A vehicle with its original factory finish retains a higher value than a repainted vehicle. Regardless of where the damage is, it is always preferable to maintain the original paint on a vehicle for as long as possible.

Be assured, all New England Dent Removal technicians are highly trained master Professionals with many years of experience.

Paintless dent repair is very effective for the following situations:

- ✓ From very small to large dents
- ✓ Doors, fenders, quarter panels, hoods, roofs & trunks
- ✓ The paint has not been broken or cracked
- ✓ The dent is not near the edge of a panel
- ✓ The panel has not had previous body repair
- ✓ We specialize in hail damage repair

Why New England Dent Removal?

We use Paintless Dent Removal (PDR), allowing our technicians to fix a wider scope of dents at a much lower cost than standard body shop procedures. We maintain your vehicle's value, which decreases with dent and dings.

PDR allows us to restore vehicles to the original factory condition without affecting the factory paint. For dealerships, our process can add significant value to resale vehicles.

We guarantee a fast turnaround time, with most PDR services completed same-day!

Our commitment to quality service as well as our dedicated, highly-skilled technicians is what makes us New England's leading dent removal company. We are located at 168 Putnam Pike in Johnston, RI.

Open Monday thru Friday from 8:30am to 5:00pm
Saturday from 9:00am to 12:00pm.

WE SERVICE ALL COMMERCIAL & RESIDENTIAL VEHICLES
